

RESOLUTION # 6 of 2011
TOWN OF DELHI

ORIGINAL

WHEREAS, in December 24, 2010, the New York State Department of Environmental Conservation ("DEC") issued a Water Supply Permit to the New York City Department of Environmental Protection ("DEP") which authorizes DEP (and/or its agents) to purchase land in fee and to purchase conservation easements within the New York City Watershed West-of-Hudson River subject to certain restrictions with a duration of 10 years (with a one five year renewal for a total duration of 15 years). A copy of the Water Supply Permit (Permit No. 0-9999-00051/00001) is available at <http://www.dec.ny.gov/permits/70361.html>.

WHEREAS, under Special Condition 1 of the permit, DEP's acquisition of land in fee and conservation easements under this permit is limited to a cap of 105,043 acres;

WHEREAS, there is no time limit on the City's Land Acquisition Program (i.e., the Land Acquisition Program can be renewed in 15 years for an additional period of 15 years and renewed thereafter);

WHEREAS, as a willing buyer offering to pay fair market value with no mortgage contingency or real estate commission, DEP's Land Acquisition Program has been very successful in purchasing land and conservation easements throughout the watershed;

WHEREAS, there is a concern that the City's Land Acquisition Program will continue until there is no remaining developable land for purchase;

WHEREAS, DEP is not allowed to purchase land or conservation easements outside of its City boundaries for water quality protection without obtaining approval from DEC under Article 15, Title 5 of the New York State Environmental Conservation Law;

WHEREAS, the Water Supply Permit issued by DEC limits the type of land eligible for City purchases such that there must be a significant water quality benefit to the purchase and the program must not have a significant adverse impact on the community's ability to survive and prosper;

WHEREAS, in the Water Supply Permit, DEC has sought to balance the need for future generations to have access to developable land by restricting from land eligible for acquisition, certain parcels, which from an environmental, social and economic perspective, should be preserved for future residential or commercial development (e.g., access to sewer or other utility infrastructure, road frontage, flat lands, in the hamlet, proximity to the hamlet, dry soils suitable for septic system);

WHEREAS, Special Conditions 7, 8 and 9 of the Water Supply Permit restricts eligibility for land acquisition to land that (i) has certain surface water features and/or steep slopes, (ii) are greater than a certain size and (iii) are vacant. Subject to certain exemptions, parcels that do not meet that criteria are ineligible for acquisition;

WHEREAS, once the City purchases the land and/or the conservation easement, the land becomes forever limited as open space and prohibited from residential and/or commercial development by future generations;

WHEREAS, in order to protect the land that is most amendable for development, Special Condition 10 of the Water Supply Permit identifies two types of areas where the City may not purchase in fee or conservation easements: The 1997 Designated Areas and the 2011 Designated Areas;

WHEREAS, Special Condition 2 of the Water Supply Permit provides as follows:

The City's LAP, the City's Watershed Regulations, and the other programs and conditions contained in the Watershed MOA, when implemented in conjunction with one another, are intended to protect water quality while allowing existing development to continue and future growth to occur in a manner that is consistent with the existing community character and planning goals of each of the Watershed communities. The City's land acquisition goals recognize the importance of ensuring that the availability of developable land in the Watershed will remain sufficient to accommodate projected growth without adverse effects on water quality and without substantially changing future population patterns in the Watershed communities.

WHEREAS, the determination whether the 1997 Designated Area and the 2011 Designated Area is needed to ensure the availability of developable land to accommodate anticipated necessary growth within the community is in the nature of a local land use determination to be made by the Town Board;

WHEREAS, attached as **Exhibit A** is a listing of tax parcels within the proposed 2011 Designated Area as amended by the Town Board after the public hearing;

WHEREAS, attached as **Exhibit B** is a map showing the 1997 Designated Area as amended by the Town Board after the public hearing;

WHEREAS, the Water Supply Permit allows the local municipality to determine the boundaries of the two Designated Areas and to determine whether both designated areas should be eligible for purchase by the City;

WHEREAS, under Section 18-39(a)(3) of the New York City Watershed Rules and Regulations, the parcels within the 1997 Designated Area and the 2011 Designated Area are allowed to construct impervious surfaces within 100 feet of a water course subject to an individual stormwater permit from DEP;

WHEREAS, the Town has notified all property owners (based upon the current assessment roll and/or amended as needed to assure the most complete roll of landowners were

notified) within the 1997 Designated Area and the 2011 Designated Area notifying them of the opportunity to provide written comment and to provide testimony at a public hearing on the Town's selection of the boundaries of the designated areas and whether such areas are eligible (or ineligible) for City Land Acquisition;

WHEREAS, that the Town Board has complied with the terms set forth under Special Condition 10 of the December 24, 2010 Water Supply permit;

WHEREAS, the Town Board must determine whether to adopt the parcels identified in Exhibit A and noted in purple on Exhibit B as its 1997 Designated Area and 2011 Designated Area;

NOW THEREFORE BE IT RESOLVED,

1. The Town Board adopts as the 2011 Designated Area the parcels identified in Exhibit A and noted in purple on Exhibit B.
2. The Town Board adopts as the 1997 Designated Area the parcels noted in grey on Exhibit B.
2. The Town Board reserves any and all rights under Special Conditions 7, 8, 9 and 10 to make new determinations in 2016 and 2021.

WHEREUPON, the Resolution was put to a vote, recorded as follows:

	Aye	Nay
Peter Bracci, Supervisor	<u>X</u>	_____
Jim Bracci	<u>X</u>	_____
Michele DeFreece	<u>X</u>	_____
Kevin Lee	<u>X</u>	_____
Allan Reed	<u>absent</u>	_____

Signed this 13 day of June, 2011
