To: All bidders of Town of Delhi Municipal Swimming Pool Project

Re: Addendum No. 2 to Construction Contract Documents

Dear Sir/Ms.,

This information modifies and supersedes that information in the original bid set. Please acknowledge your receipt of addendum no. 2 on your bid forms.

The owner shall not be providing excavation services for this work. All excavation shall now be the responsibility of the General Contractor.

The owner does have a site where the excavated material can be placed and neatly spread out by the general contractor without additional charge. That site is approximately two (2) miles from the swimming pool site. All excavated material shall be removed from the swimming pool site and taken to this location.

The owner will also provide up to approximately 1,100 cubic yards of select earth material which will be able to be used for fill for that portion of the work as shown on the construction contract documents. This material is intended to assist the general contractor (GC) to bring the site to final grade as shown on the drawings. Additional select fill for this purpose, if required, shall be the responsibility of the GC.

Sincerely,

*Rod Prosser*
